Terrafirma Arched - Ex Factory UK - Trade Prices 2026 V1

The Terrafirma Arched-Cantilever Parasol by ShadeArt UK symbolises durability. It combines satin marine stainless fittings with our beautiful English-crafted laminated Sapele timber mast or other optional timber species. Each mast is uniquely hand-crafted with around ten layers of timber, each layered and glued under pressure in a special jig. After clamping and gluing for a few days, we sand, shape, and hand-finish, then oil. Depending on size and application, the canopy frame is made of marine anodised alloys and stainless steel with alloy or GFP Hubs. This parasol is designed to withstand the elements, ensuring your investment is secure. The Terrafirma Arched is easy to open and can be rotated to chase the sun through the day.
