

Mistral - Wall Mount

The [Mistral Wall Mount](#) cantilever parasols or umbrellas offer unparalleled flexibility.

These are especially suited to areas with limited space or where you want shade and weather protection without the intrusion of a heavy base or central pole.

The [Mistral Wall Mount](#) has a 2.7 metres Ø octagonal canopy available in *Standard White Ecrú eleven optional colours. It simply folds flush to the wall when not in use.

The Mistral support arm is strong yet lightweight and is easily erected within minutes. The arm is telescopic and can extend from 1.4 to 1.8 metres thus providing protection over a greater area. The arm can also rotate horizontally.

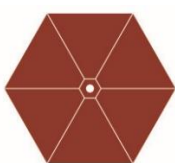

How to operate videos: [Mistral P3 Demo Standard](#) and [Mistral P4 Demo](#) with the added feature of 45 degree tilt

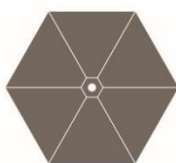

2.7 metre diameter canopy.
