Mistral White frame White Square on Pedestal Base

Mistral - Lateral Corner Side Post Parasols Ex-Factory UK - Trade Prices V1 2026

Mistral single is a corner- or lateral-Cantilever parasol or umbrella that offers unmatched flexibility. It provides maximum coverage from a small footprint. Its lightweight design means the Mistral side post is easy to remove for seasonal storage. These parasols feature a unique gas spring assist, allowing easy opening and closing with a single, straightforward sliding motion. There is no need to worry about knocking over tables and chairs, as the Mistral clears most table heights. These parasols are ideal for hospitality or your patio at home. Uniquely, for the square sizes, the mast is located at the corner of the "square." This allows the mast to be positioned in the corner of a patio or terrace. The sturdy mast is made from extruded aluminium and is powder-coated. It is available in grey, white, black, and copper finishes. Castings and stainless steel fittings are used throughout. Mistral can be placed on a discreet ground anchor or mounted on a fixed or wheeled ShadeArt pedestal base. 230V radiant heating and LED or rechargeable lighting options are available.

SHADEmakers offer a comprehensive range of parasol base systems engineered to meet diverse installation requirements. Solutions include ground anchors for permanent fixing, integrated planter and seating box bases for dual-purpose applications, mobile units with lockable castors for flexibility, and fixed bases equipped with adjustable levelling feet for precise positioning on uneven surfaces.

Example: SHADEmakers Installation. We assist or provide a turn-key installation

At SHADEmakers UK, we're proud of our sales and aftercare service. Our team supports you long after your first purchase. We still provide spare parts and canopies for parasols bought from us more than 20 years ago. Our UK team can also service, repair, and refurbish any product we sell. See what our clients have to say about us below.
