The Capri and Verona are stylish, functional Italian umbrellas designed for your convenience. Their unique 'pole push to open' telescopic system allows effortless operation—open easily with a lever and close without hassle, so you save time and effort. The quick opening and closing feature helps you adapt instantly to changing weather. Enjoy peace of mind with the Capri's double-hub-and-strut system, providing extra durability. Built from high-strength aluminium and steel, the epoxy-coated frame ensures long-term reliability, while the European acrylic canvas canopy offers maximum comfort with water resistance. These umbrellas are perfect for cafes, restaurants, seaside spots, swimming pools, terraces, and schools; their stable design ensures safety and comfort for guests, even in windy conditions, when properly mounted.

"At SHADEmakers UK, we take great pride in our sales and aftercare service. We are committed to providing ongoing service to our clients long after their purchase. For instance, we still provide clients with spare parts and custom canopy tailoring for parasols that were purchased from us over 20 years ago. Our UK team can service, repair, and refurbish any product we sell. Give us a try."
