Alterra Centre Post Commercial & Residential Parasols - Ex Factory UK - Trade Prices 2026 V2

Alterra C - contemporary English-made centre-post parasol featuring high-strength marine anodised aluminium and stainless steel masts. Unique for its marine anodised spokes, durable hubs, and high-strength GFP polymer arm connections, all secured with stainless fastenings, it stands out for exceptional durability and corrosion resistance even in harsh environments. The "easy cleat" allows for hassle-free opening and quick-release rope pull. This parasol is low maintenance, engineered for excellent wind resistance, and offers a stunning, premium look that fits beautifully in any setting.

## SHADEmakers Portable Base Collection

SHADEmakers portable base collection is designed to complement and support your centre post parasols.

Italian River Pebble bases combine enduring durability with timeless style, available in 35kg, 50kg and 70kg options, with diameters of 50cm, 55cm and 65cm respectively. Interchangeable mast tubes ensure a secure fit for ≤40mm or ≤50mm masts. Colour options include River Stone, Anthracite and Black.

Round and square River Stone bases can be paired with portable base plates fitted with braked castors for ease of movement. For a lower-profile alternative, powder-coated steel plates are available in 32–74kg, in both static and portable formats.

For a more refined aesthetic, explore our exclusive range of square granite bases. Custom base solutions are also available - please get in touch to discuss.

"At SHADEmakers UK, we take great pride in our sales and aftercare service. We are committed to providing ongoing service to our clients long after their purchase. For instance, we still provide clients with spare parts and custom canopy tailoring for parasols that were purchased from us over 20 years ago. Our UK team can service, repair, and refurbish any product we sell. Give us a try."
